Sabatini, Interventional
Cardiologist and
Gerry Wityk,
Heart Patient*

Caring.
Healing.
Advancing.

Taking care of you and your heart.

Michael Sabatini, MD, PhD, an interventional cardiologist affiliated with Penn Highlands Healthcare, never envisioned himself treating patients in rural communities. He provides care throughout Central Pennsylvania -- including at Penn Highlands Huntingdon.

"Penn Highlands Huntingdon has one of the best cardiac cath and rehab programs around because we have the advanced technology necessary to provide a high-level of specialty care."

Watch Gerry's story by visiting phhealthcare.org/gerry.
