Re: Notice of Plant Closing pursuant to the Worker Adjustment and Retraining Notification Act (WARN)

Dear Mr. Barrera:

This letter constitutes formal written notice by LA Semiconductor, LLC (the “Company”), by and through FTI Consulting, Inc. (the “Receiver”), in accordance with the Worker Adjustment and Retraining Notification Act, 29 U.S.C. § 2101 *et. seq.* (“WARN”) to provide notice that, in the event the Receiver is unable to obtain a buyer for the Company through the sale process approved by Judge Lioi in the Northern District of Ohio, the Company will be permanently laying off employees in connection with the winding down of operations at its facility located at 2300 W. Buckskin Rd., Pocatello, Idaho 83201. As a result, all 350 employees will be permanently laid off. We currently anticipate that if no buyer for the Company is obtained, the employees will be laid off on or around April 10, 2026, although certain employees may be needed to assist with transition issues for a period of time beyond that date.

There are 350 affected employees who are not represented by a union, and there are no bumping or transfer rights in connection with this layoff.

The job titles and number of affected employees and their positions are attached.

For further information, please contact Jim Spears at: 208-234-6097

Sincerely,

LA SEMICONDUCTOR LLC
