Dear Eugene:

As United States Attorney for the District of Columbia, I receive requests for information and clarification. I take these requests seriously and act on them with letters like this one you are receiving.

I have received requests for clarification of your personal financial disclosures over the past year. Disclosures reveal payments from an ownership in an LLC called Trident Support LLC. You also received over \$150,000 from Georgetown University. Specifically, my questions focus on whether you are receiving payment for work done or for other reasons.

First, will you please clarify the work Trident Support LLC does? Please describe in detail any financial support Trident has received from government entities.

Second, please detail the ownership structure of Trident Support LLC and any beneficiaries - including all staff and consultants, Americans and all other nationalities - paid by your company.

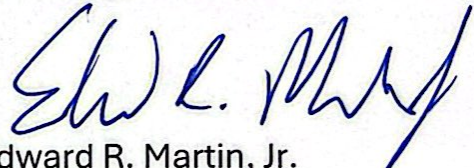

I look forward to your cooperation with my letter of inquiry after requests. Thank you in advance for your assistance with this. Please respond by day, month, date, 2025. Should you have further questions regarding this matter, please do not hesitate to call my office or schedule a time to meet in person.

Thank you and

All the best.

Sincerely,
