NORTH BRANCH TOWNSHIP SNOW REMOVAL POLICY

Snow and Ice control operations will normally not begin until the snow has stopped falling or until at least 4 inches of snow has accumulated and the township Road Boss makes such call for the plows to begin. Snow will be plowed in a manner as to minimize obstruction to traffic. Snow and Ice operations will be conducted only when weather conditions do not endanger the safety of the employees or pose an unreasonable risk of damaging equipment. Any decision to delay or suspend operations shall be made by the township Road Boss and will be based on actual or predicted weather conditions, equipment failure, the need to rest plow operators, or other unanticipated events. Reasonable effort will be made to dispatch the plows to assist emergency vehicles if requested by law enforcement. Snow will be plowed as close as practicable to mailboxes located on township roads. It is the responsibility of the mailbox owner to keep it free from snow for the mail carriers. The township is not responsible for damage to mailboxes and fences that are damaged from snow contact. Snow

plowing unavoidably deposits snow onto driveways and approaches. It is not the responsibility of the township to remove this snow. The township must consider the cost environmental impact of when to apply salt and trap rock to roads. Priority will be given to hills, corners, and intersections. It is UNLAWFUL to PLOW SNOW across or onto a public roadway or right of way and is punishable by a misdemeanor and \$1,000.00 dollar fine. Plowing snow across public road right of ways creates safety hazards for plow operators and equipment. Any and all liabilities, damages to plow equipment will be the responsibility of said property owner where snow is plowed across said public road. In order to facilitate proper snow plowing and ice control operations, it is the responsibility of residents to keep the road right of way clear of vehicles, trailers, trash cans, and all objects of personal property. If the township determines personal property left in the road right of way poses an unreasonable risk to public safety or interferes with the snow plowing operations, the objects will be removed at the owner's expense determined a public nuisance pursuant to Minnesota Statute 609.74. The township assumes no responsibility for damages for snow and ice control operations to sod, trees, or other landscaping materials or vegetation. The township assumes no responsibility, whether by direct or indirect contact with snow or ice control equipment, for damage to under/above ground sprinklers, or other items of personal property located in the township road right of way. This policy is reviewed by North Branch Township and may make changes as necessary.
