

Buy Local— Support Yourself. Studies have shown that when you buy from an independent, locally owned business, significantly more of your money is used to make purchases from other local businesses and service providers— continuing to strengthen the economic base of the community. For every **\$100** spent in independently owned stores, **\$68** returns to the community through taxes, payroll, and other expenditures. If you spend that in a national chain, only **\$43** stays here. Spend it online and nothing comes home.
(Civic Economics study, 2008)

455-2803

Shop Local: *By the Numbers*

Pictured here are 33 local businesses that have earned our support by working hard to bring to Dubois all that we need. Show your appreciation by spending your dollars locally.

33 Businesses = 171 Employees

Nationally: If just half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue.* Imagine the positive impact if 3/4 of the employed population did that.

(*U.S. Bureau of Labor Statistics, 2/6/2009)

Locally: If just one-quarter (250 people) of Dubois' in-town population (that does not include all the folks in the areas surrounding town limits) spent \$10 at each of these businesses (Total: \$330 per person), their investment in the community would generate \$82,500. If 500 people did the same, it would generate \$165,000.

Let's make this a reality this holiday season.

Thank You for Supporting Local Businesses!

Nonprofit organizations receive an average 250 percent more support from smaller business owners than they do from large businesses. It is our local businesses who continually donate to our groups, organizations and school for their fundraising activities.
