What would you do without one of these businesses?

Every dollar spent in Dubois bolsters one of our local businesses. The bottom line is the bottom line; without regular patronage, our local stores can't carry the products and provide the services the local consumers want. Unless we support our local stores, we're doomed to see them close. And then, there won't be any option but to head out of town.

Of course, there are products and services you can't buy in Dubois, but the overwhelming majority of all our basic needs can be filled with purchases locally. Buy them here and support our local businesses and our local economy. Buy them out of town and support those businesses and those out-of-town economies.

It's really that simple.

(Excerpts and paraphrase from an editorial by Tim L. Waltner, Publisher, Freeman Courier, Freeman, S.D., Oct. 2, 2013.)

Nationally: If just half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue. (*U.S. Bureau of Labor Statistics, 2/6/2009)
Locally: If just one-quarter (250 people) of Dubois' in-town population (that does not include all the folks in the areas surrounding town limits) spent \$10 at each of these businesses (Total: \$330 per person), their investment in the community would generate \$82,500. If 500 people did the same, it would generate \$165,000.

39 Businesses
204 Jobs

There are 39 local businesses included on these pages, which employ 204 people. Imagine the impact of losing any one of them.

Buy Local, Support Yourself. For every \$100 spent in independently owned stores, \$68 returns to the community through taxes, payroll, and other expenditures. If you spend that in a national chain, only \$43 stays here. Spend it online and nothing comes home. (Civic Economics study, 2008)

Thank You!! for Supporting OUR Local Businesses!
