		TOTALS	\$39,153,206,633				\$2,383,365,228		

*These projects have a statewide Data Center Tax Exemption that is not limited to specific locations. Total estimated value of their tax exemption is based on \$8 billion at 7.5% tax at the time of TCA approval. Given the uncapped nature of the tax exemption, final numbers could be significantly higher. The term of the exemptions are dependent on increased metrics and investments. Department of Taxation will be the source for actual tax exemption data.
