

# PET OF THE MONTH BIRDIE!

**Birdie**, a gentle 15-pound Pug who shows her love with soft kisses, happy wiggles, and quiet companionship.

Birdie thrives in a calm, predictable home where routines help her feel safe and confident. She's good with kids and other dogs (another dog is required) and enjoys cozy naps.

A low-key household with patient, gentle humans would be her dream come true.

If you are looking for a loyal companion, Birdie is your perfect match!
