

United Pastoral Statement on Racism

As Pastors in the city of Lincoln, Nebraska we believe that all people are created in God's image. However, not all ideologies are godly. Any ideology, such as White Supremacy or Neo-Nazism, which states that one person is superior to another is blatantly sinful. We call upon the leaders of our city, state, and country to take a stand against the numerous groups in Charlottesville and throughout our country who claim these evil ideologies. We will be united as Christian brothers and sisters and will be preaching that there is no room for racism at any of our churches. We pray for healing, for accountability, and that racism will be condemned by all people in our city and in this country. Lastly, we pray that Jesus' message of loving our neighbor as ourselves (Matthew 22:39) would echo through our churches.
