Rod Armstrong
Vice President Strategic Partnerships
AIM Institute
4701 Innovation Drive, STE 101
Lincoln, NE 68521

Dear Mr. Armstrong:

As a company located in the Nebraska Technology Park, I want to inform you of a decision by the University of Nebraska Foundation, which owns and operates the park as a wholly owned subsidiary.

The University of Nebraska Foundation board of directors has been carefully discussing the future and mission of the Technology Park. While acknowledging the park's tremendous value to the community, the foundation has decided to begin the process of divesting itself of the park to focus solely on its primary mission to raise and manage private funds for the advancement of the University of Nebraska. The foundation is currently evaluating options to identify a quality organization interested in acquiring and managing the park.

Our goal is to complete this management transition with no disruption to your important work at the Nebraska Technology Park, and, of course, it will not affect your current lease contract. We continue to work through this process and will update you from time to time with more information about this transition as soon as it's available.

Please understand that we have no hard deadline for transitioning the park, and the process will be deliberate so that we might identify the best opportunity for the park's continued operation as a successful business park. The Covenants will remain in place, as well as the Use Permit process for future development, which will ensure existing and future development of the park will continue to maintain the high standards currently in place.

We are pleased you selected the Nebraska Technology Park for the location of your company and remain committed to your satisfaction during this transition.

Sincerely,

A handwritten signature in blue ink, appearing to read "John", is written over a blue horizontal line.

John Gottschalk
Interim President & CEO
