### THANK YOU

This will be the final column I write for this space. After eleven great years with Pruitt Zabkowicz SC, I am leaving private practice for new horizons. During these eleven years, the firm has grown from two attorneys and three fulltime support staff to four attorneys and eight support staff. And there will be more growth to come, so stay tuned! It has been my honor and pleasure to assist so many members of our community with their family law and other legal needs. I have met and gotten to know many of you as clients, colleagues, and friends, and I will miss that aspect of the practice of law. I hope many more of you have been positively affected by the information you have read in this column, whether it was because you learned a bit of helpful information or had a good laugh. Even though I will be gone, please know that the knowledgeable attorneys and caring staff at Pruitt Zabkowicz SC will still be here to assist with all your estate planning, real estate, and business needs.

Goodbye and best wishes to all.
