Subject: ICE Raids

Hello Sheriff Schmaling,

I have gotten multiple reports from constituents that they have seen ICE agents in our community today 07/16/2019 and are seeing higher than the usual amount of deputies in the Northside areas of the City such as the hospital and Lockwood Park area. Currently, there are national raids going on and I want to make sure the children from Racine County are not losing their parents. Do you know why ICE is in our community? Are you working with ICE? I tagged a few reporters here because this issue is near and dear to my heart. I hope to get a response.

Thank you,

Supv. Fabi Maldonado 2nd District - Racine County
