It is an honor for Heartland Surgery Center to be voted Best of Kearney Place to Have Surgery again! We are a multispecialty surgery center performing a variety of procedures/surgeries. We are the only ambulatory

surgery center in the state to have a MAKO robot for our total joint replacement surgeries. We currently have four operating rooms, one procedure room and one GI endoscopy room along with pre- and post-operative care rooms. We are doing an 8,800-square-foot addition that will include two additional operating rooms, three recovery rooms and four 23-hour stay rooms. Typically, our procedures are 40% less cost than when done at a hospital and we are happy to give procedure cost estimates to anyone considering a procedure or surgery at Heartland Surgery Center.
