

Evolution of Robotic Heart Surgery

Join us for a free presentation on the Evolution of Robotic Heart Surgery with Dr. Goya Raikar, featuring a live robotic demonstration. Learn how minimally invasive, robot-assisted techniques allow heart surgery to be performed through small chest incisions instead of traditional open-heart surgery resulting in faster recovery times.

Froedtert Pleasant Prairie Hospital, Garden Atrium

Wednesday, February 25th, 2026

4:30 p.m. to 5:30 p.m.

RSVP to marketing@froedtertsouth.com
Live streaming on YouTube and Facebook
