

ONE TEAM. ONE MISSION.

Dear Tiger school family:

As you likely know, an Ardmore City Schools employee recently made a statement using her personal social media account that appeared to condone violence against a United States presidential candidate. The situation has gained state and national attention, and it has generated strong emotions, distress and questions within our community.

Please allow me to be clear: Ardmore City Schools unequivocally rejects the message included in the post and its implications. The post does not reflect the values and principles held dear by our district, our student body and our community. Ardmore City Schools is committed to providing a safe, respectful and welcoming environment for all. Violence – and words that seek to encourage it – have no place in our schools or our society.

The district is currently conducting a thorough investigation of this incident. We must adhere to all related laws and policies while we complete our work. Because it is a personnel matter, we are unable to share additional information at this time.

It is never easy to share concerning news about school issues; however, I want you to know I will always communicate as openly and transparently as possible with our school family. When we work together, we can ensure we provide the best educational experience and environment for our students.

Thank you for your support of Ardmore City Schools.

Sincerely,

Andy Davis

Interim Superintendent of Ardmore City Schools
