

To whom it may concern:

I Adam Z. Dixon do accept Brother Victor Bendillo as my grandfather. As God as my witness I promise to love, respect, and care ~~for~~ for him till he or I die. He is a positive influence in my life. He is not only a ~~g~~ great friend but a source of advice and counseling. I know that there is not a thing in this world he wouldn't do for me. All the helpful advice he has given has helped my life so much it is ~~in~~ immeasurable. I promise to do anything in my power for him as well. This I swear in front of God and Brother himself.
