**What was new for your business this year?** The biggest opportunity we had in business this year, was to "right-size" our team to accommodate the increased demand for our quality craftsmanship and design-build remodeling services. Chris' philosophy in growing the team has been to focus on hiring great people and find the position that best suits them. This was crucial to continue offering an amazing experience for our clients. Growing in this fashion not only allowed us to build strong, long-lasting relationships with our clients, but it also provided a dynamic and fun environment where our teammates could succeed in attaining their professional and personal goals.

**What service or product makes you stand out?** We are intentional in the way we manage our team to maintain the family atmosphere. We're extremely proud to be named the "Best Place to Work" and are excited to share this recognition with the rest of the Stebnitz Builders team.
