Journey of the Magi
Rotating Nativity Globe

THOMAS KINKADE STUDIOS

A gentle shake creates a serene snowfall

The Wise Men rotate around the base

Plays the melody of "Joy to the World"

Nativity Globe Features the Magi in Motion

Now the inspiring story of Jesus' birth finds new expression in the compact form of a glass Nativity globe with some very special features. Inspired by the artistry of Thomas Kinkade, *Journey of the Magi* presents a fully sculpted scene of the Holy Family safely contained within glistening glass, which is topped by a golden north star. With a gentle shake, glittery snow swirls around the figures.

Expertly hand-crafted and hand-painted

Generously sized at 6½ inches in diameter, the globe rests on a sculpted display base, which sets the scene through bas-relief buildings of the little town of Bethlehem. Against this backdrop, fully sculpted figures of Gaspar, Melchior and Balthasar on camelback actually encircle the entire globe at the touch of a button, recreating their long journey to worship the newborn King. As the magi slowly rotate around the globe, the inspirational melody of "Joy to the World" gently plays.

An exceptional value; satisfaction guaranteed

Strong demand is expected for this rotating nativity globe, which can be yours at the issue price of $109.99, payable in three installments of $36.66, the first due before shipment (plus $16.99 shipping and service; see bradfordexchange.com), backed by our 365-day money-back guarantee. Send no money now; simply return the Reservation Application today.
