FROM CARSON CITY

Shown larger than actual large size 38.1mm. All coins in Very Fine or Better condition.

Complete First Year of Issue Morgan Silver Dollar Treasure

Your Opportunity To Own Them All!

Now known as the “Coin of the Old West,” Morgans were first struck in 1878 at the Philadelphia Mint and crafted from the West’s vast Silver bonanza of the Comstock Lode. Carried by cowboys, financiers, lawmen and settlers alike, this famous 19th Century design by Mint engraver George T. Morgan became the emblem of United States prosperity and Westward expansion. They’ve been collector favorites for decades, prized for their elegant design, 90% Silver content and connection to our storied past. Now, key First Year of Issue Morgans from every United States Mint, including the famous and rare Carson City coins, have been curated into one incredible collection.

Hardest to Find First Year Issues

It could take the average person years to assemble a collection like this, tracking down Very Fine or Better quality first year issues from each and every U.S. Mint. But you’re in luck! We have done the hard work for you! They are all here, 1878 Philadelphia, 1878 Carson City, 1878 San Francisco, 1879 New Orleans and 1921 Denver! This is an exceptional find, so they are only available for a limited time from The Bradford Exchange Mint.

Carson City’s Coveted Status

You could call it the only United States “pop up” Mint. The 1859 “Silver Rush” set off an outpouring of silver so huge that it threatened the economy. The solution was to turn it into silver coins, and Morgan Silver Dollars were struck in 1878. Dangerous mountain passes and opportunistic outlaws made sending ore across the Rockies to the San Francisco Mint difficult. So a branch mint was established in Carson City, Nevada, almost next door to the Comstock Lode. Only 2% of all Morgans were ever produced at the Carson City Mint.

Becoming Scarcer ... Limited Availability

Morgans are among the most popular silver coins to collect and are swiftly disappearing into private hands. Fewer and fewer exist in desirable collector condition, especially key date issues, like the first year of mintage. Each coin is in Very Fine or Better condition and arrives secured for posterity in a sealed holder. Demand is expected to be strong. Please note that this is a **limited time offer**. So call now before this opportunity passes you by. Don’t Miss Out!
