The Liberty Bell hung in Independence Hall in 1776 as the representatives of 13 American colonies hammered out the details of a bid for freedom from a tyrannical King. Each day it would ring from that tower as our nation's greatest minds shaped the outlines of a great nation. Inscribed upon the Liberty Bell are the words: "Proclaim liberty throughout all the land unto all inhabitants thereof" and that's exactly what this bell has symbolized ever since. Backed by the American flag, celebrating the justice of a land led by rule of law, and the years of our founding below, its presence on a new coin is a perfect way to celebrate our heritage of freedom.

Proof struck in 99.9% pure Silver for the very highest quality, this uniquely-sized, legal tender quarter-dollar is a remarkable first. With a strict limited edition of just 9,999 worldwide, we anticipate strong demand in this semiquincentennial year.
