Prairie Ridge Health is a geographic name, representing the giant field of drumlins that spans the Hospital's entire service area from Beaver Dam all the way to Sun Prairie. These drumlins, or mini ridges, were formed by the glacier as it moved through the area, now covered by prairies. Thus the name, Prairie Ridge.

We have not been purchased, have not merged, nor have we changed our relationship with SSM Health. There are no changes in the insurances we accept. There are no changes in jobs. All phone numbers will remain the same.
