T5 DUAL COMMAND™:
ADAPTING SPEEDS TO YOUR EVERY NEED.

A NEW WORLD DEMANDS NEW HOLLAND.

T5 Series tractors are powerful, comfortable, maneuverable and now even more productive when you choose the 24x24 Dual Command™ transmission. It makes a big difference in your day by giving you the convenience of a Hi-Lo speed in each of the 12 gears simply by pushing buttons on the side of the control lever.

No clutching within a range: use the PowerClutch button instead of your foot

Smooth left-hand shuttling: electrohydraulic shuttle lever with 3 aggressiveness settings

Fast travel between jobs: standard 25-mph max speed
