SOLUTIONS FOR BETTER WATER

Four Ways to a cleaner, healthier home

1

Water Softener
Soft water means shiny, silky hair, smooth skin and clear shower doors free of residue.
Soft water is easier on clothes and cuts down detergent use.
Soft water prevents scaling in dishwashers, water heaters and pipes.

2

Drinking Water System
Get bottled water quality without the bottle. Purified water at the kitchen sink for cooking and drinking and at your refrigerator for clear ice cubes.

3

Bottled Water
Cold and clean. Bottled water fits anywhere in the house and fits any budget.

4

Service and Home Delivery
There are over 600 dealers in trucks and vans serving homes and businesses across North America.
