DOG OF THE WEEK

Ol' Joe

Male, Senior Weighs 35 pounds

Available for adoption at **Dane County Humane Society**, at the main shelter (5132 Voges Road) For more information, please visit www.giveshelter.org.

Ol' Joe may be an older canine gentleman, but he is a big puppy at heart!! He loves to play with squeaky toys, of which his favorite is a green stuffed shark. In addition to enjoying the company of people, he also enjoys the company of dogs. In fact, it would be best if he was adopted by someone who already has a dog or two, or more. Ol' Joe has spent some time here at DCHS since the end of May when he was found wandering stray in the countryside. He was so skinny, his hip bones were clearly visible. Ol' Joe has since been staying in the home of a foster volunteer, gaining weight at a good pace. He still has some more weight to gain, but he is well on his road for recovery. Schedule an appointment to meet this sweet guy by calling the Adoption Center at (608) 838-0413 ext. 145!
