

Discover The Higher Origins of Traditional Beauty

CHINA WAS ONCE known as the Land of the Divine. Legend has it that each dynasty came from a unique heavenly paradise. Over the course of five millennia, deities descended to Earth and took on human form—playing roles from emperors to heroes and from sages to generals. Their wisdom and virtue

laid the groundwork for China's rich culture. It is even said that classical Chinese dance and attire mirror those in the heavens.

China's dynasties have come and gone, and much of this heritage has been lost. Shen Yun strives to bring this ancient and mythical culture to life on stage, reviving five thousand years of profound wisdom and divine beauty.

Enjoy Music that Runs Millennia Deep

Music is such a big part of every Shen Yun performance—from the live orchestra that accompanies each dance to the vocal and instrumental solos on stage. Shen Yun's orchestra is one of a kind, harmoniously blending the distinct beauty of ancient Chinese instruments with the grandeur of a Western orchestra. The result is a vivid sound with great emotional range—perfect for bringing to life the soul of an ancient civilization.

"I was overwhelmed.
My entire body was trembling—but in
a very loving way. I felt very joyful.
It was beautiful, it was healing."

—Elisa Brown, renowned soprano

"Her voice was so ethereal...
Powerful, marvelous soprano."

—Lee Meriwether & Marshall Borden

Vibrant Ethnic and Folk Traditions

Let Shen Yun whisk you away to the top of the Himalayas for a sacred celebration or to the vast grasslands to join Mongolian horsemen. You will discover how diverse Chinese culture actually is, with dozens of different ethnic groups and regional folk traditions, each with its own distinct costume and dance styles. You will be amazed by how these dances fill the stage with color and energy.

Legends. Mischief. And Miracles.

Everyone loves a great story, and Chinese culture has 5,000 years full of them. Historic epics, timeless literary classics, and mystical folklore make up this world of deities and magic. Each Shen Yun performance includes short dance stories of heroes who battle evil, fly up to the heavens, or even visit deep-sea palaces. Packed with action, courage, and humor, these tales embody the wisdom and virtues of ancient China.

ERHU

The erhu has a history of over 4,000 years. Although it has only two strings, it can in the hands of a virtuoso fill the air with tenderness, sorrow, or joy—holding the audience spellbound.
