

Ranked in the Top 20 Hospitals in the Nation.

At UW Health, we believe in providing our patients with the very best. That mission not only motivates us as healthcare professionals but also earns us recognition. *U.S. News & World Report* has ranked University of Wisconsin Hospitals among the top 20 hospitals in the nation and the #1 hospital in Wisconsin for the eighth straight year. Plus, we have been honored to receive national rankings in 12 different adult specialties. These rankings reflect our commitment to providing our patients with compassionate care and excellent outcomes. **UW Health. Remarkable Medicine. Remarkable Care.**
