## Eyes tired? Dry? Feeling fatigued at the end of the day?

- » Using a computer or smart phone for extended periods of time can lead to eye strain, fatigue, headaches and dry, itchy eyes. If you have any of these symptoms, you may be experiencing Computer Vision Syndrome (CVS).
- » There are solutions that can help alleviate CVS and allow your eyes to feel refreshed.
- » Talk to one of the experienced opticians at SSM Health Davis Duehr Dean Eye Care. They have the expertise to guide you to eyeglass solutions that will help you feel and see better. Take advantage of our **\$100 Fall Savings Event** and *See Your Life. Clearly!*
