**Your money works here.®**

\*Minimum deposit required to open is \$5,000. Interest rates and annual percentage yields (APYs) stated above are current as of 1/16/2026 and are only available until 2/5/2026. The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings. There may be an early withdrawal penalty when any principal amount is withdrawn before maturity. Interest is compounded and credited quarterly, except the following: the 30-day Mini Jumbo and the 3-month Fixed are compounded and credited at maturity and the IRA Money Market Savings is compounded and credited monthly.

After the account is opened, deposits or withdrawals may not be made without penalty until maturity, except for the following: deposits are allowed for the 12-month Add-on and deposits and withdrawals are both allowed for Starter IRAs and IRA Money Market Savings accounts. Early withdrawal penalty for terms less than 12 months is 90 days interest, terms 12 months to less than 24 months is 181 days interest, terms 24 months to less than 36 months is 270 days interest, and terms 36 months and longer is 365 days interest.

Please see the CD/IRA Receipt, the Personal CD/IRA Account Rate Sheet, the Consumer Deposit Account Fee Schedule, the Deposit Account Agreement, and all applicable product information brochures for additional details. (1499)
