You've got places to go, people to see and lots on your to-do list. What better sidekick than the new 2019 Cruze?

It's the sporty compact car that's up on tech, impressively efficient and rocking an updated look. Plus, it's available as a sedan or hatchback. Now take the wheel and get going.

Chevrolet has introduced the restyled 2019 Cruze with a more premium appearance that enhances its on-road presence and strengthens its value for customers. The updates for 2019 position Cruze to continue its success in the compact car segment.

"Cruze is a cornerstone of Chevrolet's car strategy, bringing new customers to the brand," said Steve Majoros, Chevrolet marketing director for Cars and Crossovers. "In fact, 53 percent of Cruze customers in 2017 were new to Chevrolet. Cruze has been so successful at attracting new buyers to Chevy because its lineup offers something for every customer, from body style to fuel choice to trim and design."

Introductions of the Cruze Hatch and Diesel models helped push the car to a 0.6-percent retail market share gain in 2017 and helped Chevrolet secure its third consecutive year of higher overall retail market share. In 2017 — its first full year of production — Cruze Hatch accounted for 20 percent of total Cruze retail sales.

The 2019 Cruze's front fascia and grilles are all-new. Revised grille designs reinforce Cruze's premium appearance. In the Premier trim, Chevrolet's signature dual-element taillamps now feature LED accent lighting, which adds to Cruze's sculptural beauty.

The Cruze is offered in sedan and hatchback models, with 1.4L turbo and available 1.6L turbo-diesel engines. It also features 4G LTE connectivity and a built-in Wi-Fi hotspot (with limited service trial), and one of the segment's biggest rosters of available active safety features,

including: Lane Change Alert with Side Blind Zone Alert; Rear Cross-Traffic Alert; Rear Park Assist; Following Distance Indicator; Forward Collision Alert; Front pedestrian braking; Lane Keep Assist with Lane Departure Warning; and Low Speed Forward Automatic Braking.

The first-ever Cruze Hatch LS continues Chevrolet's commitment and momentum in offering a broad car portfolio with choices for every budget and need.

Additional updates include the new Chevrolet Infotainment 3 running on a standard 7-inch diagonal color touchscreen radio (with Android Auto and Apple Car Play phone projection capability standard), remote start and automatic climate control standard on LT and Premier models, new wheel designs, black window moldings, bowtie emblems and 17-inch (and available 18-inch) machined wheels for Cruze's

RS package and a new available Umber interior color.

The RS package is available on LT and Premier (except Sedan with diesel). It includes rear spoiler, front fog lamps, sport body kit and RS ornamentation.
