FEED WITH  PENTA

#### FROM FIELD TO FARM

The Penta line of Dump Trailers are designed to get your crop from the field to your farm. Ranging in size from 1050 Cubic feet to 2475 Cubic feet there is one ready for you. Farmer focused features like better visibility in the box and the unique reverse tilt for better filling, all built as tough as you.

#### FARM FEEDING

The best quality feed needs the best quality mix. Penta TMR Mixers are designed, tested and farm proven to deliver the best mix on the market. Our Hurricane Auger allows forage to circulate faster through the mix for quicker processing and mixing times.

#### FROM FARM TO FIELD

The Penta (Hagedorn) line of Manure Spreaders allows you to make the best use of your organic nutrient resources. The Hagedorn Spreaders processes the manure finer with the best spread pattern. This lets your field make better use of this rich resource.
