Notice of Application for Aquatic Plant Management Permit

The Wisconsin Department of Transportation (WisDOT) intends to apply for a permit from the Wisconsin DNR to conduct targeted applications with aquatic herbicide to control invasive plant species on up to 34.7 acres of wetland at the World Dairy Center Wetland Mitigation Bank in the City of Madison. The treatments are anticipated to occur between April 15-September 30, 2021.

WisDOT will conduct a public information meeting on the proposed treatments if five or more individuals, organizations, special units of government, or local units of government request one. The meeting, if held, will provide citizens the opportunity to learn more about the proposed treatments based on information provided to the citizens attending the meeting.

Any request for a public meeting must be made within five days of this published notice. The request must specify the topics to be discussed, including problems and alternatives, and must be sent via email to Susan Graham, WDNR, Susan.Graham@wisconsin.gov.

This notice is required by Chapter NR 107, Administrative Code.
