

Introducing Pamela Froman

“Crushed Gold” is how **Pamela Froman** describes her jewelry’s deeply textured surfaces. It’s a look with prehistoric roots and timeless appeal, one that reveals the malleability of the material and tells the formation story of each individual part of the whole. An inspired use of color—both in the unusual gems she favors and the arabesques of custom-colored golds with which she surrounds them—makes her jewelry uniquely captivating.

Pamela Froman will be featured in our **Meet the Artist** series on **Friday and Saturday, December 19th and 20th**. She’ll be in the store and available to give you the backstory on each piece in her fabulous collection. So put those dates on your calendar! And as always, **come by and bring a friend**.

Upper left: 18K pink and yellow gold ring with emerald cut bi-color tourmaline in a diamond halo
Center: 18K necklace of bi and tri-color tourmalines, aquamarines, and gold and diamond links, with a removable pendant that contains a fancy kite-cut aquamarine, Paraiba tourmalines, and natural diamond accents
Left: 18K pink and yellow gold Wave ring, each wave containing an integrally set natural white diamond
