*Forbes* Best-In-State Wealth Advisors list is comprised of approximately 2,200 financial advisors. It was developed by SHOOK Research and is based on in-person and telephone due diligence meetings to measure factors such as quality of practice, industry experience, compliance record, assets under management (which vary from state to state) and revenue. Neither UBS Financial Services Inc. nor its employees pay a fee in exchange for these ratings. Past performance is not an indication of future results. Investment performance is not a criterion because client objectives and risk tolerances vary, and advisors rarely have audited performance reports. Rankings are based on the opinions of SHOOK Research, LLC and not indicative of future performance or representative of any one client's experience. In providing wealth management services to clients, we offer both investment advisory and brokerage services, which are separate and distinct and differ in material ways.
