

Ski Tune-Up SERVICES

**Ceramic
Edge
Sharpen** **\$38.**

Our 3D Ceramic Disc Grinder can restore the proper edge profiles and correct bevel angles on any ski.

**Infrared
Hot
Wax** **\$42.**

We use the newest Thermo-Controlled Infrared Technology, so the wax is absorbed deeper into the ski and lasts longer.

**Binding
Safety
Check** **\$65.**

Our Certified Binding Techs can test the functionality of your boot / binding system and verify DIN release settings.

State-of-the-Art Base Repair Services

MONTANA 
Crystal Glide Finish

Our factory trained
Service Techs are all
skiers, so they know
how to make a ski
"Go-in-the-Snow!"

Basic Belt Grind Base Tune **Now \$65**

Our Basic Tune includes belt drive base cleaning, accurate edge sharpening and deburring. Finished with an Infrared Wax application process for more protection and better glide.

Premium Stone Grind Base Tune **Now \$95**

This is the best base finish available! The diamond dressed stone will flattened the ski base perfectly to precisely reset the edge angles. Our machine technology allows us to offer a variety of structures to the base to improve glide. Each ski is finished with our finest Infrared Wax application.
