**...Big Enough to Serve You!**

## Wild Game Processing

**Prem Meats** can butcher and process your favorite wild game into sausage, steaks, jerky, summer sausage and more. We use only fresh beef, pork, and spices, and all of our products are made using our award-winning recipes. Let **Prem Meats** transform your wild game into a mouth-watering dinner table delicacy. The same flavorful ingredients we use in our retail sausages, we use in our venison. All our smoked products are vacuum-packed free of charge. We number your deer when it comes in, and that number follows your deer throughout the procedure to ensure that you receive your own cut meat back from your own deer. We make both the old-fashioned strip jerky, and ground jerky. Bring in your whole deer or your trim for a delightful treat. **Prem Meats** will be your last stop when looking for that perfect deer processing place.

Most of the products in our market are our own recipes that we have perfected over the years. We also specialize in ready to heat and serve meats that we prepare for sandwiches, including BBQ Pork, Beef Au Jus, Grilled Chicken in its own Gravy, Italian Chicken, and Savory Pork. Each one of these meats are grilled on our outdoor Southern Pride BBQ Smoker to give you the most tender and flavorful meats, with that succulent grilling taste. These meats can also be ordered thicker sliced to be served as the main course for your dinner. We use our own special blend BBQ sauce to give you the best flavor in our Ribs, Chicken Breasts, Wings (hot and mild), Beef Brisket, and Smoked Pork Chops.
