WHAT OUR CUSTOMERS SAY:

“Next Door & Window were so great to work with. We had all our windows replaced in our home, and we couldn’t be happier with the whole process from start to finish. The sales team was very informative on the product being installed and stayed in communication with us every step of the way until our windows were ready for installation. The installers were so respectful of our home and made the whole process seamless. We love our new windows and the upgrade they have made to our house. I would highly recommend Next Door to anyone considering a new window or door project!”

“Very happy and impressed with NEXT!! We had a big, old French door to our deck replaced with a same style door. It was a custom size and NEXT was very detailed about the measurements and the install. John, our main sales consultant, was very knowledgeable and helpful. The install by “the Mikes” was flawless and done in one day. Amazing. Do not hesitate to hire NEXT for your windows or doors.”

“From my first interaction with NEXT, I had nothing but a fabulous experience. I found all the individuals to be extremely professional with deep subject matter expertise, fabulous follow through, and my sales rep listened to my needs and concerns and ensured they were all addressed. The install went super smoothly and the installer made sure he cleaned up well after he completed the job. I highly recommend NEXT, they may be a bit more, but you pay for the quality. I’ll definitely be using them for window replacements.”
