“Can’t say enough about the professionalism and effectiveness of this organization! We submitted an insurance claim due to hail damage and Charles Gregory walked us through the whole process

and collaborated with our insurance company to ensure every last detail was taken care of. The roofing crew showed up and had the roof Torn off and re-roofed in less than five hours. Their 16-man crew was unstoppable! I highly recommend these professionals for all of your home service needs.

Thank you!”
