Duplexes And
Multifamily
Housing!**

Our Classic Series Homes...

*Efficient Floorplans! Our Most Popular Home...EVER!
The Best-Built, MOST AFFORDABLE Home Anywhere!*

Our "Classic-Series" homes bring back "the good 'ol days" when quality-built homes were within everyone's budget. Like EVERY Design Home, they are built to state codes and are designed for traditional basements or crawlspaces and are ideal for narrow lots, limited budgets or retirement homes...and include our extreme insulation package...(R-55 ceilings, 2x6 walls). We believe you will not find a home that is built better, includes more, or is a better value.
