

The Studio Jewelers Meet The Artist Series

AUDRIUS KRULIS

November 19 & 20

TODAY AND TOMORROW
at Studio Jewelers

The Vilnius Collection, Audrius Krulis' homage to the ancient capital city of Lithuania, adds a numinous dimension to his oeuvre: one that speaks of the ancient city walls, and the people within them, having withstood the test of time (and tyranny; Audrius himself grew up in Lithuania under Russian occupation).

Rendered in gold with tiny natural spice-toned diamonds, this work recalls the Vienna Secessionists—but with deep Lithuanian roots. Please join us in welcoming Audrius Krulis today and tomorrow at Studio Jewelers!
