## **54 Head of High Grade Dairy Cattle**

14 Holstein cows, 2 Red & White cows, 9 Jersey cows, 6 Jersey x Holstein cross cows, 1 Blue Roan cow, 2 Holstein springing heifers (due May & June), 1 Jersey bred heifer (due Aug.), 2 Jersey short bred heifers, 1 Jersey open heifer (14 mo.), 4 Holstein open heifers (13-15 mo.), 5 Jersey heifers (4-7 mo.), 4 Holstein heifers (8-10 mo.), 2 crossbred heifers (9 & 10 mo.), 1 Blue Roan heifer (8 mo.)

This is a very good herd of dairy cattle that have been well bred for production. Bulk tank receipts show a 62 lb. per cow average w/4.5% B.F. and an SCC in the 80-120,000 range. This herd is not pushed hard for production w/no TMR feeding but will offer recently fresh cows milking 80-100 lbs. per day. Several nice uddered 1st & 2nd lactation cows will be sold. This is a 100% closed, A-I sired herd as well. The heifers are well grown, accustomed to loose housing & should make excellent herd replacements. All pertinent production SCC & breeding info will be posted on sale day. If you are looking for very good replacement cows or heifers, be sure to attend this sale.
