

Skills Enrichment Assistant

VARC, Inc. has an immediate opening for a Skills Enrichment Assistant at our Reedsburg location to work with assigned clients, providing behavior intervention and support during life skills and employment activities. Position is responsible for assisting assigned client in meeting goals related to the Skills Enrichment program.

Life Skills Assistant

VARC, Inc. also has an immediate opening for an individual looking to make a difference and gain community involvement. VARC, Inc. is recruiting for a Life Skills Assistant. The Life Skills Assistant is responsible for providing individual services throughout the county and ensuring Life Skills services are completed with exemplary quality and that all requirements set forth in clients' service plans are met. This may include traveling with assigned clients to designated locations within the community, maintaining required documentation and open communication with guardians, families and clients, and many other duties as assigned. Qualifications: Position requires two years of education, experience or a combination on both, in working with disabilities. Experience in working with adults with Autism Spectrum Disorder and/or challenging behavior is a plus. Valid WI driver's license required.
