Hello Det,

I have been out of the office Friday and today, so I apologize for the delay.

I do not know specific students so I will need to share these images with my team at East HS.

We cannot email student pictures so I will need to go to East to have an Admin. attempt to identify these students.

You could also do that if you would like and I could set that up. Let me know if you want to go that route.

Again, sorry for the slow response!

Gina,

We had some information of some teenagers in vehicles displaying firearms in the parking lot of Milios on 10/28/21. There are a couple of individuals associated with group who

appear to likely be students. I have attached images of the likely students in hopes they can be identified.

-Possible student came from a restaurant next to Milios and entered a vehicle related to individuals with firearms.

-Possible students approach vehicle containing the said firearms.

-Possible student who appears to have some association to the driver of a stolen vehicle containing firearms.

Thank you for any assistance,

Detective Richard Friday
