

Drumlin | Handicap: 9

Par 4 | 429 yards

7 *A medium-length par 4 that works from right to left. The green sits at the base of a large glacial drumlin. The approach is partially blind to a green flanked by five bunkers on the right side.*

Undulating green makes for tricky putts.

Because of a forgiving fairway, most players will use driver off the tee.

All five bunkers are unlikely to see many balls come their way.
