Summarize the facts supporting the elements of each charge and who gave you the information.

On July 7, 2021, in the Village of Windsor, County of Dane, State of Wisconsin, a subject verbally identified as Chandler M. Halderson made an official missing person report to Deputies of the Dane County Sheriff's Office. Halderson reported that his parents, Krista and Bart Halderson, were picked up by an unknown acquaintance in the early morning hours of July 1, 2021, to travel to the family's cabin in White Lake, Wisconsin. Halderson reported that his mother Krista had sent him a text message on July 4, 2021, stating they arrived and were in White Lake, and were planning on attending a parade that day. Investigation revealed that there was no parade on July 4, 2021, in White Lake, and that Krista and Bart Halderson did not travel to their cabin in White Lake. The cabin was checked by local law enforcement and the cabin's neighbors were interviewed; there were no signs that any occupants or visitors had recently been at the cabin or on the cabin property. Investigation further revealed that witnesses placed Chandler Halderson at a known acquaintance's address in the Town of Cottage Grove, reversing his vehicle with the rear hatch open in a field near a wooded area. After a consensual search of the area Chandler Halderson was observed in, a human torso was located within a short distance. The human remains are pending positive identification. Chandler Halderson did know that his parents didn't travel to the cabin, and intentionally made false statements to law enforcement regarding his parent's whereabouts.
