

Par 4 | 396 yards

1 *A straightaway par 4 that plays from the high point of the course. Golfers may choose to hit an iron or 3-wood off the tee, which would leave them with a middle iron into a two-tiered green.*

Anything left of the bunker off the tee could end up in thick brush. Watch for players to avoid the left side.

Prime viewing area

A miss to the right and the ball could end up in tall grass.

Longer hitters could catch the downslope 95 yards from the green, which would give them a short pitch to the green.
