

Par 3 | 242 yards

**3** *A downhill par 3 to a wide, shallow green. The green features a narrow peninsula on the left-hand side that makes club selection critical.*

A wide green will offer birdie putts for the majority of the players. If the pin is on the left, any putt above the hole will be especially difficult.

While there are several bunkers, don't expect many shots to find the hazards.

The view from behind the tee will be a prime vantage point for No. 3 and the green on No. 2.
