

Hedgerow | Handicap: 3

Par 5 | 587 yards

9 *A medium-length dogleg left par 5. The tee shot is played through a narrow chute of trees. From there the hole turns sharply to the left and then climbs to the green.*

The landing area for a lay up on the second shot is generous. However, the elevated green is narrow and can be treacherous when the pin is in the front.

Hugging the left side off the tee gives the player the best chance to get to this par 5 in two.
