

Par 3 | 207 yards

8 *A medium-length, downhill par 3. The green is flanked by large oak trees right and left; a rocky creek is in front, and a strong hillside behind. The green slopes sharply from back to front.*

This is the only hole on the course that doesn't have a bunker.

This will be a popular spot for viewing as the green sits in a natural amphitheater, with concessions and bathrooms nearby.
