

MUTUAL RELEASE AND SETTLEMENT AGREEMENT

This Mutual Release and Settlement Agreement (the “Agreement”) is made and entered into by and between, on one hand, Khary Penebaker, Mary Arnold, and Bonnie Joseph (collectively “Plaintiffs”), and, on the other hand, Andrew Hitt (“Hitt”), Robert F. Spindell, Jr. (“Spindell”), Bill Feehan (“Feehan”), Kelly Ruh (“Ruh”), Carol Brunner (“Brunner”), Edward Scott Grabins (“Grabins”), Kathy Kiernan (“Kiernan”), Darryl Carlson (“Carlson”), Pam Travis (“Travis”), and Mary Buestrin (“Buestrin”) (Hitt, Spindell, Feehan, Ruh, Brunner, Grabins, Kiernan, Carlson, Travis, and Buestrin are collectively “Elector Defendants”). Plaintiffs and Elector Defendants shall be collectively referred to as the “Parties” and each, individually, as a “Party” to this Agreement.

1. **Background.** Elector Defendants, as nominated and/or replacement presidential electors for the Republican Party in Wisconsin in 2020, met and voted for Donald J. Trump and Michael R. Pence on December 14, 2020, because they were told that it was necessary to preserve their electoral votes in the event a court challenge may later change the outcome of the election in Wisconsin, and in compliance with requests initiated from the Trump campaign and the Republican Party of Wisconsin. The Plaintiffs allege that in doing so the Elector Defendants violated state and federal law and, furthermore, that the Plaintiffs, as well as other voters, taxpayers, and Democratic electors, have been harmed by such actions. The Elector Defendants dispute those allegations (the “Dispute”). The Plaintiffs commenced a lawsuit against the Elector Defendants and others alleging and asserting various claims related to the Dispute in Dane County Case No. 22-CV-1178 (“Lawsuit”), which is also the subject of an appeal and cross-appeals, Appeal No. 23-AP-1985 (“Appeal”). The Parties participated in settlement discussions in November 2023 and reached an understanding as set forth in this Agreement. The Parties wish to forgo the time and expense of litigating these matters and wish to settle any and all claims the Parties may have against each other. The Parties, in consideration of the mutual promises set forth in this Agreement and for other good and valuable consideration, which is acknowledged, agree to the terms herein and to comply with the same.

2. **Elector Defendants’ Agreement Related to Certain Activities.** In consideration and fulfillment of the promises exchanged, the Elector Defendants agree to the following:

- a. The Elector Defendants agree not to serve as presidential electors in 2024 or in any United States presidential election in which Donald J. Trump is on the ballot.
- b. The Elector Defendants agree to refrain from participating in any way in the execution or transmission of electoral votes in 2024 or in any United States presidential election in which Donald J. Trump is on the ballot.
- c. Regardless of whether Donald J. Trump is on the ballot, the Elector Defendants agree that with respect to all future United States presidential elections they will not participate in the execution or transmission of any document that purports to be a certificate of electoral votes of the duly elected presidential electors for the State of Wisconsin if, at the time of the execution or transmission, the persons voting have not been certified as the persons elected as presidential electors under Wisconsin law.
- d. The Elector Defendants agree to fully cooperate, or continue to cooperate, with any ongoing or future investigation or prosecution by the United States

Department of Justice regarding: (a) any efforts to interfere with the lawful transfer of power related to and following the 2020 presidential election; (b) any efforts to interfere with the certification of electoral votes during the Joint Session of Congress convened on January 6, 2021. Notwithstanding, this provision shall cease as to any Elector Defendant in the event such Elector Defendant becomes the target of any criminal investigation or prosecution by the United States Department of Justice; in such a circumstance, however, this provision shall continue in full force and effect as to all Elector Defendants who have not received notice that they have become targets in such a criminal investigation or prosecution.

- e. The Elector Defendants agree to fully cooperate with Plaintiffs in the litigation of this civil action against any remaining defendants on the condition that none of the Plaintiffs, their family members, heirs, or assigns bring any other claims against the Elector Defendants related to the 2020 presidential election.
- f. The Elector Defendants agree not to commit any violations of state or federal elections laws.

3. **Public Statement, Disclosure of Discovery Responses and Disclosure of Certain Documents Produced.**

a. The Elector Defendants will provide a public statement, set forth below, regarding the Dispute and will provide a copy of such statement to the President of the United States Senate, the Wisconsin Secretary of State, the Archivist of the United States, and the Chief Judge of the United States District Court for the Western District of Wisconsin. The public statement shall read as follows:

On December 14, 2020, in compliance with requests received from the Trump campaign and the Republican Party of Wisconsin, we met at the Wisconsin State Capitol and executed a document titled "Certificate of the Votes of the 2020 Electors from Wisconsin." That document stated, in part, that we were "the duly elected and qualified Electors for President and Vice President of the United States of America from the State of Wisconsin." The Elector Defendants took the foregoing action because they were told that it was necessary to preserve their electoral votes in the event a court challenge may later change the outcome of the election in Wisconsin. That document was then used as part of an attempt to improperly overturn the 2020 presidential election results.

The duly elected presidential electors for the State of Wisconsin for the 2020 presidential election were: Meg Andrietsch, Shelia Stubbs, Ronald Martin, Mandela Barnes, Khary Penebaker, Mary Arnold, Patty Schachtner, Shannon Holsey, Tony Evers, and Benjamin Wikler.

We hereby reaffirm that Joseph R. Biden, Jr. won the 2020 presidential election and that we were not the duly elected presidential electors for the State of Wisconsin for the 2020 presidential election.

We oppose any attempt to undermine the public's faith in the ultimate results of the 2020 presidential election.

We hereby withdraw the documents we executed on December 14, 2020, and request that

they be disregarded by the public and all entities to which they were submitted.

b. Notwithstanding anything to the contrary, the Parties agree that they may disclose this Agreement and the written responses of any of the Elector Defendants to Plaintiffs' First Set of Interrogatories, Requests for Production of Documents, and Requests to Admit. Furthermore, the Parties agree that each may disclose or make public the other parties' respective production in response to Requests for Production of Documents as follows: see **Addendum C**, which redacts any e-mail addresses, residential addresses, and phone numbers, and redacts the names of certain private citizens who are not parties to this Lawsuit.

4. **Mutual No Contact.** The Elector Defendants agree not to intentionally contact, directly or indirectly, any of the Plaintiffs. Conversely, the Plaintiffs agree not to intentionally contact, directly or indirectly, any of the Elector Defendants. Nothing in this paragraph will preclude communications among the Parties' respective counsel when necessary or appropriate.

5. **Dismissal of Claims in Lawsuit.** Subject to the terms and conditions of this Agreement, the Plaintiffs agree to dismiss the claims asserted against the Elector Defendants in the Lawsuit with prejudice and without costs to either party and, furthermore, the Parties authorize their respective attorneys to electronically sign and file the stipulation to dismiss and to vacate the judgment against Plaintiff Bonnie Joseph, attached as **Addendum A** to this Agreement. Likewise, the Parties agree to dismiss the Elector Defendants from the Appeal and to dismiss the Elector Defendants' cross-appeal with prejudice and without costs to either party within ten (10) days after the Lawsuit is dismissed by the Dane County Circuit Court and, furthermore the Parties authorize their respective attorneys to electronically sign and file the stipulation attached as **Addendum B** to this Agreement.

6. **Related Proceedings.** Some counsel for the Plaintiffs also represent a complainant in an administrative complaint against the Elector Defendants, involving the same facts and similar claims at issue in the Lawsuit, in *Sickel v. Hitt et al.*, 2021 EL 21-13, now pending before the Wisconsin Elections Commission. Although the Plaintiffs are not parties to the administrative proceedings in *Sickel*, counsel for Mr. Sickel shall secure separate written agreement from Mr. Sickel that he will notify the Commission that he is withdrawing his complaint in the foregoing proceedings and, if the Commission declines to end the proceedings, Mr. Sickel will not appeal, petition for review of any Commission decision, and/or he will otherwise cooperate with the Elector Defendants to bring those proceedings to a prompt close, and take all steps in their power to, dismiss that complaint and end the proceedings.

7. **Mutual Release of All Claims.** In exchange for the consideration set forth herein and subject to the fulfillment of all other obligations set forth in this Agreement, each Party to this Agreement hereby releases the other Parties to this Agreement, along with the other Parties' respective agents, contractors, representatives, assigns, heirs, executors, administrators, personal representatives, employees, insurers, attorneys, and/or affiliates, and anyone else who might be liable, from any and all claims, actions, and demands whatsoever, that now exist or may hereafter accrue, for all losses, damages, injury, reimbursement, or otherwise that are based on the allegations and/or claims asserted, or that could have been asserted, in the Lawsuit.

Notwithstanding the foregoing, this Section and the release herein do not include any claims stemming from or relating to a failure by a Party to comply with the obligations in this Agreement, which may be brought in the event that any Party breaches this Agreement.

8. **Costs.** The Plaintiffs and the Elector Defendants agree that the Parties will bear their own attorney's fees, costs, and expenses, and no financial award of any kind will be exchanged among them. The Elector Defendants agree not seek to execute the judgment of costs entered by Dane County Circuit Court Judge Frank Remington on November 22, 2023, against Plaintiff Bonnie Joseph. In addition, the Parties agree that they will jointly seek a vacatur of the judgment of costs entered by Judge Frank Remington on November 22, 2023, against Plaintiff Bonnie Joseph as part of the stipulated dismissal of the Lawsuit.

9. **No Admission of Liability.** The Plaintiffs acknowledge and agree that, by entering into this settlement, the Elector Defendants are not admitting any liability or culpability.

10. **No Additional Rights.** The Parties agree that they have entered into this Agreement for the purpose of resolving the Dispute among the Parties and for the benefit of the Parties. This Agreement is not intended to, and does not, give or create any rights other than those expressly stated herein and does not grant or create any rights to any third parties. The Parties further represent that they have not assigned or transferred any claims against the other Parties, or any rights they may have had to assert claims on behalf of the Parties. Likewise, the Parties represent that they have no present knowledge of any other individual, entity, or agency bringing claims against any Party concerning the Dispute or related to any claims asserted in the Lawsuit.

11. **Review of Agreement.** The Parties acknowledge that they are entering into this Agreement knowingly, voluntarily, and with full knowledge of its significance. The Parties, including their undersigned representatives, further represent and warrant that they are fully competent to enter into this Agreement, and that they have not received any advice or opinion from any health care provider or other professional that there are any legal or medical impediments to their competency to enter into this Agreement. The Parties further acknowledge that this Agreement was drafted mutually by the Parties and that their respective legal counsel have reviewed and approved the terms of this Agreement. Furthermore, in making this Agreement, it is understood and agreed that the Parties rely wholly upon their own or their counsel's judgment, belief, and knowledge of the Dispute, the Lawsuit, and information set forth herein, and this Agreement is made without reliance upon any other statement or representation by a Party or any other representative of a Party, and, except for the express obligations herein, the Parties make no other representations or warranties concerning or relating to any term in this Agreement.

12. **Governing Law.** The Parties acknowledge that this Agreement and all matters arising out of or relating to this Agreement, including tort and statutory claims are governed by the laws of Wisconsin, without giving effect to any conflict of laws provisions thereof that would result in the application of the laws of a different jurisdiction. The Parties agree that any dispute arising under this Agreement shall be venued exclusively in the Circuit Court for Dane County, Wisconsin.

13. **Entire Agreement.** This Agreement is fully integrated, contains all of the terms and conditions of the Agreement, and is the complete, final, and only understanding between the Parties with respect to its subject matter. This Agreement supersedes any and all prior agreements, negotiations, or understandings among the Parties, and all prior understandings, contracts, and/or agreements shall be void and unenforceable. No change or modification to this Agreement shall be binding on the Parties unless it is in writing and executed by all Parties.

14. **Enforceability.** If any one or more of the provisions of this Agreement shall be held invalid or unenforceable, such provisions shall be modified to the minimum extent necessary to make it or its application valid and enforceable, and in any event, the validity and enforceability of all other provisions of this Agreement shall not be affected.

15. **Assignment.** The Parties shall not assign any of their rights or delegate any of their obligations under this Agreement without the prior written consent of all other Parties. Any purported assignment or delegation in violation of this Section is null and void.

16. **Execution in Counterparts.** This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, email, or other means of electronic transmission is deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

17. **Acknowledgment.** The undersigned signors of this Agreement acknowledge as follows: that they have read and understand this Agreement and have fully agreed to each and every provision herein; that they have consulted with their respective legal counsel; and that the undersigned individuals have authority to enter into this Agreement.

**STIPULATION OF DIMISSAL WITH PREJUDICE AND
JOINT MOTION FOR VACATUR OF JUDGMENT**

The Plaintiffs and Defendants Andrew Hitt, Robert F. Spindell, Jr., Bill Feehan, Kelly Ruh, Carol Brunner, Edward Scott Grabins , Kathy Kiernan, Darryl Carlson, Pam Travis, and Mary Buestrin (collectively “Elector Defendants”) in the above-captioned matter hereby agree and stipulate that all claims against the Elector Defendants be dismissed with prejudice and on the merits, without costs, fees, or expenses to any party.

The Plaintiffs and Elector Defendants further stipulate and move this Court to vacate the Judgment against Plaintiff Bonnie Joseph entered November 22, 2023 (Dkt.317), because the negotiated settlement of the matter justifies relief from the operation of the judgment. Wis. Stat. § 806.07(1)(h).

The parties further stipulate that the Court may make all necessary orders consistent with this stipulation and joint motion.

Subject: Update on Electors

Dear Grassroots Leaders,

Wisconsin's Republican electors met today, following statutory guidelines for presidential electors, preserving our role in the electoral process still under legal challenge. While President Trump's campaign continues to pursue legal options for Wisconsin, electors met in accordance with statutory guidelines to preserve our role in the electoral process with the final outcome still pending in the courts.

The 2020 election saw numerous violations of both the letter and the spirit of Wisconsin law. The Democratic Dane and Milwaukee County Clerks sought to circumvent the ballot protections provided by Wisconsin's photo ID law by urging able-bodied voters to exploit Wisconsin's statutory protections for elderly, infirm, disabled and others who have difficulty getting to the polls.

As a result of these elected officials directing fraudulent registration, particularly in Democratic counties, the number of voters permanently exempt from Wisconsin's basic photo ID

protections increased over 250% in a 9-month period.

This cynical exploitation of laws designed to protect the constitutional rights of those unable to go to the polls was compounded by deplorable reports that Democrat supporters were pressuring disabled voters to vote for Biden.

In blatant violation of Wisconsin election law, Clerks completed and corrected information for witnesses.

WEC charged President Trump's campaign nearly four times the amount charged for a presidential recount just four years ago, forcing a partial recount focused on counties with the most reports of blatant illegalities undertaken by partisan clerks. Recount observers were in some cases kept so far from poll workers they were forced to use binoculars to observe handling of the ballots.

After years of insisting there is no voter fraud in the state, Democrats' legal defense in this case is that they believe election law in Wisconsin is routinely broken, that votes are cast illegally in every election, and that things should continue that way.

With cases on some of these very issues still pending in our court system, our meeting today underscored the unresolved nature of the results. We will continue to fight back against those who want to throw elections safeguards to the side.

Best,

Andrew Hitt

Subject: FW: URGENT CALL TO ACTION BY WISCONSIN CONSTITUENTS TO STOP THE STEAL

Friends,

Please contact your Republican state legislators immediately and ask them to sign onto a letter urging Vice President Pence not to count Wisconsin's electors on January 6. The reason, Wisconsin officials violated state law as set forth by the legislature and serious election fraud remains under investigation.

In Wisconsin, government officials violated the Constitution when they changed the election rules without the legislature's approval - they broke the election laws set forth by the legislature.

There is more at stake than just the 2020 presidential elections. It is about ensuring we protect fair and legal elections moving forward. We must be vigilant and take action now to protect our election process by simply following our all to action below.

We have designed the following call to action in a way that you can cut and paste it into other friends' email or social media. Feel free to share it with all your conservative patriot friends and ask them to do the same as quickly as possible because "TIME IS OF THE ESSENCE," and we need everyone's voices heard!

Please share this information.

Thank you for standing in the gap for our Constitutional Republic! ~

**CRITICAL CALL TO ACTION TO HELP SENATOR RON JOHNSON STOP THE STEAL IN WISCONSIN OF PRESIDENT TRUMPS VOTE!
CALL OUR Republican STATE SENATORS AND ASSEMBLYMEN AND "URGE THEM TO SIGN THE LETTER" AND STOP THE STEAL!**

CALL TO ACTION: Call and urge your Republican State Senators and Legislators (see the *attached contact info*) to "SIGN" the letter to the Vice President of the United States (Letter attached)

We ask the Republican Senate and Assembly members of Wisconsin to "express written support" by signing the attached letter to the Vice President of the United States calling for a "nullification of the Certificate of Ascertainment of Presidential Electoral" illegally issued by Governor Evers.

Tips for a successful call:

- Review the facts provided in the attachments and know your facts.
- Introduce yourself by name and "*Be brief!*"
- Smile and be positive and friendly to the staff that answers. Staff receives thousands of calls, many of which are angry. Stand out by being gracious and thankful.
- Be clear, concise, and confident! They *want* to know what's on your mind!
- This call to action is extremely time-critical, so let the staffer know that this issue is urgent!
- Thank them for acting on this call to action today as Senator Johnson and Vice President Pence need to hear from Wisconsin **no later than Tuesday, January 5 at 5 pm.**
- Thank their staffer for taking their call and thank them for the reps' past support and that we need that support again.

***NOTE: You can find your representatives here <https://myvote.wi.gov/en-us/MyElectedOfficials>

Sample Phone Script: (put this in your voice)

"I am calling the (Senator or Assemblyman) to urge (him/her) to sign the letter to Vice President Pence to de-certify Wisconsin's Electors for President of the United States and to only re-certify them after a full investigation to ensure that: (1) only votes are counted that comply with Wisconsin Legislative policy, and (2) all ballots that were illegally cast according to "policies" of non-

legislative actors that directly violated statutes of the Wisconsin Legislature are excluded."

Talking Points:

- We find that the **laws enacted by our state legislature** that should have governed Presidential Electors' elections **were not followed**.
- We find that this abrogation of Wisconsin's laws greatly increased **opportunities for massive voter fraud and election fraud**.
- We find that the evidence presented clearly and convincingly indicates that **the number of votes fraudulently counted** in favor of the Biden-Harris far **exceeds the reported vote differential between the Biden-Harris slate and the Trump-Pence slate**.
- Accordingly, we find that Governor Evers Certificate of Ascertainment attempts to certify the results of an **unconstitutional and fraudulent election of Presidential Electors** and null and void.

- **Key Provisions: See attachment "FAQ."**

- **THANK YOU FOR TAKING THE TIME ON THIS CRITICAL ISSUE FOR SUCH A TIME AS THIS!**

Date: Wednesday, December 2, 2020 at 09:23 AM CST

Hello 3rd District Leaders,

As many of you know by now a lawsuit naming the Wisconsin Elections Commission was filed in my name yesterday by Sidney Powell's law firm. I am not an expert on voting systems or statistical analysis so that part of the complaint is something that I cannot say is valid or that it will succeed. What I can say with absolute certainty is that the Democrat Chair of the elections commission and WEC staff clearly violated Wisconsin state law in their directions to clerks pertaining to "indefinitely confined elector status" and curing ballots that were not properly filled out. That is over 96,000 illegal ballots for indefinitely confined electors.

During the recount Democrat election officials refused to honor challenges to ballots that had been "cured." There is no way of knowing how many of those ballots were cast.

Democrats on the WEC refused to remove voters who were flagged by the ERIC system from the Wisconsin voting rolls. You can read more about this system here: <https://ericstates.org/> The results of not removing these people who filed change of address forms with the US Post Office or DMV resulted in 6,207 people who had moved out of state and 765 people who registered to vote in another state voting in Wisconsin on November 3rd. A total of almost 7,000 illegal votes.

The actions of the WEC and Democrat election officials are a violation of the equal protection clause of the US Constitution. In effect they created a special class of voters who were not subject to Wisconsin State Voting laws.

Republicans on the WEC objected to all of these actions by the Chair and staff. They also objected to certification of the election results. Special thanks to Bob Spindell and Dean Knutson for their service on the commission.

I would appreciate your prayers during this difficult time. I expect that me and my family may be subject to attacks in response to this lawsuit.

Sincerely,

Bill Feehan

Yesterday I traveled to the state capitol to cast my electoral votes for Donald Trump and Mike Pence. Just keeping our legal options open. I spoke to Sidney Powell's office and my case has been appealed to the US Supreme Court. Funny how the lefties want us to roll over and accept this election after they burned, looted and tried to impeach our president. I am fighting to the end. Yes, this election was filled with illegal activities by the Wisconsin Elections Commission. Yes it effected the outcome.

Chair's Report – December 2020

On Monday, December 14th, at noon I cast my ballot as an Elector representing the 2nd Congressional District for President Trump and Vice President Pence. We did this at the state capitol as prescribed by law and it is in the hands of Congress right now.

Unfortunately, the cases before the Wisconsin and Federal Supreme Courts were not ruled in our favor either. For our Wisconsin Supreme Court, I am extremely disappointed that they could not, at least, rule on the election irregularities here in Dane County – even if they did not go further. I share everyone's disgust with Justice Hagedorn's recent rulings but want to reiterate that the calls for violence and targeted protests on his home and family that I've seen (not by this ExComm, but at large) are not something we will endorse nor support.

Likewise, I'm disappointed that our United States Supreme Court has likewise ducked the biggest issues in this election. In addition, the mainstream media is happily parroting the Democrat's line that there is no fraud in this election. We are facing a huge challenge on many fronts. Those are the fights we have to strategically attack in the coming year.

Some updates since our last meeting:

Merry Pints – We had about 50 or so people in virtual attendance for our Merry Pints & Politics. I shared a slide show highlighting many of our accomplishments over the last year. Despite the bitter pill we are taking right now, we did do good things here in Dane County. Chairman Hitt joined the event to share updates from RPW and the emphasis on local elections. Finally, Eric Hovde shared what he is doing to work elections here in Madison.

Election Fraud – As previously mentioned, this has been the biggest and most ignored issue (by main stream media) in the last election. Unfortunately, this also gets discredited by wild stories of CIA flipping votes and the like. Here in Dane County, particularly in Madison, there are real issues to be addressed and I believe this should be one of our major initiatives in the coming year. We need to pick hard, factual issues and fight for them.

Local Races – Despite the losses of our partisan candidates, we need to support and encourage more local candidates. This likely is located in the ring around Madison but it's also worth fighting in Madison as well. We need to provide candidates who can articulate well thought out alternatives to the extreme left in Dane County.

Lastly, we have a caucus and elections coming up. I hope that everyone currently serving will continue to serve in some capacity going forward. We have a fantastic base in our current Executive Committee and I look to add on to it in the coming year. Only by growing will be able to have the bandwidth to take on the many challenges in front of us.

Respectfully Submitted,

Scott Grabins

I just wanted to give everyone a quick update on what happened today with regards to Wisconsin's Presidential Electors.

Obviously, the Democrats met and carried out their vote for Biden - this has been in all the news. However, the Republican slate also met and carried out our vote per statute as well. It was about a 20 minute meeting. With the Capital closed it was a bit challenging to get in but we were able to work it out and have the meeting at noon. The Trump campaign provided security for us but there were no incidents. There was some media coverage but it wasn't widely publicized.

It's in the hands of the courts and Congress now but we did our part to submit our alternate Electoral votes here in Wisconsin.

Thanks for doing that Scott. This is pretty big deal. It would have been pretty disappointing without dual electors from Wisconsin. Now Congress has to decide. In Bush v Gore SCOTUS threw the election to Bush on December 12 in anticipation of electoral college vote on December 14. No such thing happened eventhough Trump suffers plethora of Court defeats.

As of now there are dual electors from Pennsylvania, Georgia, Michigan, Nevada, Arizona, New Mexico & Wisconsin.

Mike Pence has big discretion when they take this up in Congress. See my next email a summary of tweets from Chad Pergram

Scott,

Please double check the Gateway Pundit article before risking your well-deserved reputation for fairness. The author is hoping that few people will check the links - for example;

"The cheating was so bad in Milwaukee that [at least 6 dead voters](#) who were born before 1903 voted" ... links to a story from Michigan.

"[The Milwaukee City Wire](#) reported that 90% of Milwaukee wards reported 90% voter turnout!" links to ... "Five City of Milwaukee voting wards reported more than 89% turnout in the 2020 U.S. Presidential election"

I hope you know how much I admire your work with ROW. I will stand with you for thorough investigation of any real election abnormalities.

To take just the first bullshit claim of the gateway pundit site you linked to, *Wisconsin did not have 89% voter turnout*. It had about 71% voter turnout, not much more than in the past. Lower than 2004, as a matter of fact.

Proposed Jim Troupis Statement on Electors Meeting

"As the legal proceedings continue to work their way through the Wisconsin court system, I have advised the Republican Party of Wisconsin to convene a separate Republican electors meeting and vote at the Wisconsin State Capitol on December 14.

Of course, there is precedent for such a meeting. Democrats convened in Hawaii in 1960, at the same time as Republicans, even though the Governor had certified Richard Nixon as the winner. In the end, the state's electoral votes were ultimately awarded to President Kennedy. In fact, just last month Larry Lessig and Van Jones published an essay on CNN.com calling on Democrats to possibly convene their electors in the state if the results are still in doubt. Given this, and the legal arguments that have yet to be decided, the GOP electors should also meet on Monday while we await a final resolution in Wisconsin."

Jim,

Attached is a memo summarizing the requirements for casting electoral votes in the 6 contested States.

Austin having found PDFs of the 2016 certificates, which supply helpful guidance, what we need now are accurate lists of the Trump-Pence electors in all six States.

With that information, I can draft papers, similar to those we now have for Wisconsin, ready to be signed in the other 5 States (subject to careful review by key officials in those States).

I suppose we could just put out a statement that says "Wisconsin's Republican electors met today, following statutory guidelines for presidential electors, preserving our role in the electoral process still under legal challenges."

And assuming the Wis SC rules before noon, we change it to "Wisconsin's Republican electors met today, following statutory guidelines for presidential electors, preserving our role in the electoral process while President Trump's campaign evaluates its legal options."

But we may need to put out something more expansive to our base before the day is over. And I made a couple minor edits in the last two paragraphs should we choose to put that out in some form. So work off of this one. We can discuss in the morning.

I'll do whatever you guys want, but i sort of feel like this route makes us seem extreme and they'll make it out to be that we're refusing the results of the election.

I tend to think they'll completely gloss over all the examples and go strait to the last sentence. Why don't we just say we're meeting because there's still pending litigation that's unresolved?

Any interest in putting out a statement like this tomorrow? To have handy while you're meeting, or if it blows up before? Along with the Troupis statement...

Hitt000008

HITT000122

Wisconsin's Republican electors met today, following statutory guidelines for presidential electors, preserving our role in the electoral process still under legal challenge. The 2020 election saw numerous violations of both the letter and the spirit of Wisconsin law, among them:

- The Democratic Dane and Milwaukee County Clerks sought to circumvent the ballot protections provided by Wisconsin's photo ID law by urging able-bodied voters to exploit Wisconsin's statutory protections for elderly, infirm, disabled and others who have difficulty getting to the polls.

As a result of these elected officials directing fraudulent registration, particularly in Democratic counties, the number of voters permanently exempt from Wisconsin's basic photo ID protections increased over 250% in a 9-month period.

- This cynical exploitation of laws designed to protect the constitutional rights of those unable to go to the polls was compounded by deplorable reports that Democrat supporters were pressuring disabled voters to vote for Biden.
- In blatant violation of Wisconsin election law, Clerks completed and corrected information for witnesses.
- To circumvent Wisconsin's 2-week early voting window, which provides equal access to voting across the state, the City of Madison illegally collected and witnessed thousands of absentee ballots outside of the legal window in order to disadvantage Wisconsin's rural voters.
- WEC charged President Trump's campaign nearly four times the amount charged for a presidential recount just four years ago, forcing a partial recount focused on counties with the most reports of blatant illegalities undertaken by partisan clerks.
- Recount observers were in some cases kept so far from poll workers they were forced to use binoculars to observe handling of the ballots.

The Republican Party of Wisconsin brought suit against the abuse of our indefinite confinement law in March, and the case is still pending without a legal resolution, which could have prevented the egregious, partisan end-run of basic voter identification laws.

After years of insisting there is no voter fraud in the state, Democrats' legal defense in this case is that they believe election law in Wisconsin is routinely broken, that votes are cast illegally in every election, and that things should continue that way.

The many violations of our election laws, meant to protect ballot integrity, prevent fraud and provide voters confidence, call into question Wisconsin's results. Our meeting today underscores the unresolved nature of the results, and the continued circumvention of laws designed to protect the integrity of our elections.

Then, the external envelopes would be addressed with the addresses I've listed in the memo.

Pretty simple!

Note: the items I've listed as sent by Registered Mail need to be sent by REGISTERED (not certified) mail. The Bush team almost screwed up on this in 2000!

This is nicely phrased!

Excellent idea to link to the Jones & Lessig essay, showing that quite recently the Democrats endorsed parallel electors' meetings as a reasonable thing to do (not just Kennedy in 1960).

I have fixed the link to CNN, and tweaked the language a bit.

Proposed Jim Troupis Statement on Electors Meeting

"As the legal proceedings arising from the November 3 presidential election continue to work their way through the Wisconsin court system, I have advised the Republican Party of Wisconsin to convene a separate Republican electors' meeting and have the Trump-Pence electors cast their votes at the Wisconsin State Capitol on December 14.

Of course, there is precedent for such a meeting. Democrat electors pledged to John F. Kennedy convened in Hawaii in 1960, at the same time as Republicans, even though the Governor had certified Richard Nixon as the winner. In the end, the state's electoral votes were ultimately awarded to President Kennedy, even though he did not win the state until 11 days after his electors cast their votes.

The legitimacy and good sense of two sets of electors meeting on December 14 to cast competing votes for President and Vice President, with the conflict to be later sorted out by the courts and Congress, was pointed out by prominent Democrat activists Larry Lessig and Van Jones in an essay published last month on [CNN.com](https://www.cnn.com).

Given that the results in Wisconsin are still in doubt, with legal arguments that have yet to be decided, just as the Democrat electors met in Hawaii in 1960 while awaiting a final resolution of that State's vote, so too the Republican electors should meet this year on December 14 as we await a final resolution in Wisconsin."

Team,

The purpose of this email is to finalize the mailing of the documents for President Trump's Wisconsin electors. Along with Kenneth Chesebro's detailed instructions, here are additional instructions for our team in Wisconsin:

- If possible, please have a staff member scan and send to the a digital copy of the package you will be mailing for Kenneth's brief review
- For the return address, please use an address for the Chairperson of the Electoral College of Wisconsin, i.e. Chairman Andrew Hitt.
- For the 2 packages going to the President of the Senate, it must be two sealed inner envelopes. (For the 2 packages going to the Archivist, this can be the same approach or one sealed inner envelope is fine.)

If the team in WI has any questions for the group (or if Kenneth has any further instructions), I am CC'ing everyone here to keep us in synch.

One more thing: Thank you to everyone who has worked on this project, especially Chairman Hitt and Mark Jefferson.

Yours,

HOW TO CAST ELECTORAL VOTES IN WISCONSIN

[Note: this is Word Doc # 1 of 6]

Before the Meeting of Electors:

- Jim Troupis, the lead attorney for the Wisconsin state-court litigation, plans to issue a press release along the lines of **Doc # 2**. Likely he will release it by Sat., Dec. 12.
- Carefully check **Doc # 5, Certificate of the Votes** (for names of electors, and decide who will be the chairperson & secretary; current draft is merely a suggestion).
- Once finalized, print out **eight (8) copies** of **Doc # 5** (preferably on high-quality paper).
- Print out Docs # **4-A** and # **4-B**, the **ballots** for the Electors.
- Prepare external mailing envelopes, and prepaid postage, large enough to send the Certificates, without bending them, addressed to the four addresses listed on **Doc # 6**. Note that two of the items must be sent by Registered (not Certified) mail.
- Prepare somewhat smaller internal envelopes, and have tape on hand to use to seal them tightly. On the face of the envelopes, tape paper (or use large adhesive labels) reading, in large, bolded type:

**ELECTORAL VOTES OF THE
STATE OF WISCONSIN
FOR PRESIDENT AND VICE PRESIDENT
OF THE UNITED STATES**

(It's important that this internal envelope be sealed, and clearly labeled. This is the envelope that will not be opened until January 6, in Congress.)

- Have the chairperson sign, in advance, eight (8) duplicate originals of **Doc # 6** (cover memo). Place these & the internal envelopes in the 4 external envelopes.
- Also prepare an external FedEx envelope addressed to the Trump Campaign. Place the 2 extra cover memos in that envelope.

HOW TO CAST ELECTORAL VOTES IN WISCONSIN

For the Meeting of Electors:

-- Under Wisconsin law, the electors “shall meet at the state capitol,” which presumably means in the Capitol Building, “at 12:00 noon.” Wis. Stat. § 7.75(1) ([here](#)).

--There is no requirement that the Electors meet in public, and a private meeting (perhaps with press coverage) might be preferable to avoid protest disruptions. See [this video](#) on the Wisconsin protests against the Trump-Pence Electors in 2016.

--Chairperson should call the meeting to order and determine if all Electors are in attendance.

--If there are any vacancies, the Electors in attendance vote to fill the vacancy, using forms in **Doc # 3** (thus, important to have a laptop and printer on hand to complete and print out the forms).

--If there are any vacancies, **Doc # 5** must be amended, and eight (8) new duplicate originals need to be printed out, accurately listing all Electors in attendance.

--All Electors then sign two (2) ballots – **Docs # 4-A** and **# 4-B** -- casting ballots for President and Vice President, separately. If there are replacement Electors, they should sign using one of the blank forms at the end of each Word file.

(**Note:** these ballots are not to be sent to Washington; but they should be retained as proof that the Electors did actually cast ballots for President & Vice President.)

--All Electors sign all eight (8) originals of the Certificate of the Votes (**Doc # 5**).

Following the Meeting of Electors:

--If there were vacancies filled, staple copies of the vacancy forms (**Doc # 3**) to each of the eight (8) duplicate originals of the Certificate of the Vote.

--Place six (6) of the duplicate originals in the four envelopes that were prepared (as indicated on the cover memo), and mail them as indicated, by Registered & Certified Mail. FedEx the remaining two (2) duplicate originals to the Trump Campaign.

We are going to need our electors to vote on the 14th

They need to do it at the capital, the legislature doesn't need to take any formal action. The vote just needs to happen at the capital and be recorded somehow.

Ok

Do you have a court reporter you like to use that we could use? Is that the best way?

We used Brown and Jones for the recount. There good. A court reporter is a good idea, but the electors should also create some kind of form/certificate that memorializes the vote. If any of our electors have done it before, they'll have an idea of what that should look like.

I dunno. Clayton just called me. Did he call you too?
I told him outright that I hope they are not planning on asking us to do anything like try and say we are the only proper electors. He said he didn't think so.
I also know that the legal team has a case where a state appointed two sets of electors bc an election was in question. It would take a court ruling.
I am def concerned about their inquiry.

Who are you sending it to?

Clayton. Want me to not find it? Rnc Legal has the list anyway

Can you do it without contact information and if he asks for that say you are looking for that version. Let's see how much pressure they put on to try and get contact info. That will give us an indication.

Ok. We will work on reserving a hearing room.

We may need a court reporter there to make a record of it. I am asking Joe. I probably am going to want this scripted out and know exactly what to say and run it. In other words, I need a little more hand holding than normal because I have never seen this meeting occur and we won't have the benefit of WEC helping us is my guess.

Shouldn't an attorney from, say a campaign affected by this, come up with a form that passes legal muster for us? We can draw one up. I'm looking at a form that Brad Courtney is signing but it's a photo from a Google search of the 2016 ceremony and not readable. And I can have Chaz do it. But that doesn't mean it's going to comply to anything.

Going to try to find the 2016 Wisconsin Eye clip of the electoral vote ceremony.

Yes. We should have them review but if we could try and Mimic past form to show them would be good

Just thinking this through. We should go sep shouldn't we. You would be recognized by press even with your mask on?? I don't think I will be. We actually might want to take you toward the end. Just a thought.

thats something to think about. We can talk it through once you get in.

I edited mark's legal statement some — what do you think of this: "While President Trump's campaign continues to pursue legal options in Wisconsin, Republican electors met today in accordance with statutory guidelines to preserve our role in the electoral process with the final outcome still pending in the courts."

Perfect.

Thanks. Any craziness on horizon with electoral college or is that over now too?

Well electoral college was yesterday. Some states that have active challenges including WI met both Dems and gop. There is precedent for it from the 60's or 70's where there were legal challenges and both sets voted. Then the legal challenges were resolved by Jan 6 and congress used the electors that prevailed in the legal challenges. Not aware of anything crazy beyond that.

👍 Thank you. Hang in there!

It's honestly sucking the life out of me and I have pulled way back. Hardly involved, but I am getting destroyed by the right. Just trying to walk a fine line.

When Reince was first elected RNC chair, he hit me up to have staff come get his absentee ballot because there wasn't time to get it in the mail. I said we're not making a day trip to DC for something that doesn't matter. Thought about that last night. This is how much we've devolved over 10 years.

Yes it's the presidency, but adding one more vote to the state wide total would've made more of a difference than what this is going to make today.

I have a quick question. Can you please call me

DECLARATION

I, _____, being duly sworn, declares as follows:

1. My name is _____. I am a state legislator in Wisconsin.
2. I have personal knowledge of the following.
3. I understand as a state legislator that I have a duty under the Electors Clause of Article II of the United States Constitution to vote on post-election certification of the Presidential electors to choose the President and Vice President on January 6, 2021—a date set by 3 U.S.C. § 15.
4. However, under the Wisconsin Constitution, I can't call the state legislature into session myself and it doesn't look like the Wisconsin Legislature will be in session before January 6, 2021.
5. A decision by the U.S. Supreme Court obligating the state legislatures under the Electors Clause to meet to vote on post-election certification of the Presidential electors to choose the President and Vice President is necessary so I can fulfill my duty as a state legislator.
6. If the U.S. Supreme Court does so, it should set a deadline such as January 5, 2021 for the state legislatures to meet and vote, so that the deadline in 3 U.S.C. § 15 of January 6, 2021 is met to elect a President and Vice President.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Proof of Dominion Machines changing the numbers

The media, including Fox News continues to report "there is no proof of widespread fraud in the Nov 3rd election." These talking heads and reporters are not doing their jobs to uncover the various means that were used to steal this election from Trump.

Just today, in Antrim County Michigan, they found direct forensic evidence that proves beyond doubt these Dominion machines were not accurate and could be and were manipulated. FYI, it seems each state uses different Dominion machines and software or variations of.

I have attached a couple of reports that describe the mess in Antrim County, and there is a link below that was done by a Georgia voting clerk as to how, during their adjudication process, the Dominion software can manipulate the ballot results. This is obviously a problem that cannot be dismissed.

Bcc: 

To All:

As all of you are aware, the Wisconsin Voter Alliance WVA will be a lead complainant in a suit that will be filed early next week in the Supreme Court of Wisconsin with the goal of having the Nov 3rd election results invalidated. If we are successful, with that suit, the Wisconsin Legislature would then pick the 10 Electors for our State.

We all have heard the reports of various voter fraud and voting irregularities that allegedly occurred in the Nov 3rd Presidential election in Wisconsin. The problem is, unless you have real proof, irrefutable or quantifiable evidence, or a means of proving any allegation, they are just that, allegations.

The attorneys working on the case for both the Trump Campaign and the WVA, like us, had knowledge of various schemes the Democrats had put in place to steal the the election. Their challenge, so to speak, was to find the "needles in the haystack" and then prove that they are indeed needles.

They settled on five schemes that impacted the Wisconsin election they could prove, without a doubt were fraudulent, illegal and therefore "spoiled" the election. A number of notable and credible statisticians were brought in to manage this process and to filter through all the Nov 3rd voting results to prove the schemes were apparent and effective. The most notable of those statisticians was Matt Braynard. Check him out on a Google search or Twitter. Braynard has also has a YouTube video that is quite detailed as to how his team approached this challenge.

For tonight's 7:00 PM CST (Wisconsin time) discussion, Erick Kaardal, one of the lead WVA attorneys on this case will brief us on the overall case. I would anticipate that Erick will provide us some detail with regard to the major points of the case that will be filed against Wisconsin Elections Commission. Following are those major issues;

- Absentee ballots sent to people that never requested them
- Indefinitely Confined status voters
- Voters who voted in more than one State
- Votes cast for People who were no longer residents of the State
- The impact/effect of the infusion of Zuckerberg money funneled through CTCL

The total number of votes in question in the State of Wisconsin are in excess of 200,000. We have a great chance to have this election ruled as invalid.

Where is the RPW

Where is the Republican Party of Wisconsin? Are they supporting the President of the United States? Have they given up? No one from the RPW was at the hearing on December 11. [redacted] & I sat in Room 412 (the hearing room). We were there early enough to see all who entered.

I hear comments and read comments on national news from the Georgia, Michigan & Pennsylvania Republican Party. I hear and read comments from Ronna McDaniel of the National Republican Party. Where is the RPW?

Voss & Stienike are the leaders of the elected Republicans and because they have a majority also the leaders of the Assembly

etc. **YES YES** - you read that correctly - they (we?????????) have a majority. (*note: when a dog gets neutered they are given a cone to wear - THE CONE OF SHAME*) Voss - Stienike have done nothing to stand up to Evers IN 2020. They walk around like they are wearing the CONE OF SHAME!!

The assembly members present in room 412 talked about fixing this in the future. Many of us believe that there will not be a future if this is not addressed in 2020. Witnesses were asked if they reported to the WEC and to a person the witnesses said no - because the WEC is the problem. WEC was one of the main violators of state statute or state law whichever you prefer. But violators and lawbreakers do not get arrested or charged.

I have been on every County Chairman conference call since Andrew became Chairman. I missed the last call which was about finding qualified people to run in 2021. The call prior to that I posed a question. That is the first time I had ever posed a question. That call I posed the question on was early in November. I asked that someone on the call address US Constitution Article 2 Section 1 and the powers vested to State Assemblies. That was not addressed on the call. When I sent a follow up to Chairman Andrew Hitt the next day the response I got was that he did not have time to dig into that. US Constitution Article 2 Section 1 is and has been the hot topic for about a month.

Article 2 Section 1 gives the State Assemblies the authority to overturn the certification which by statute is the responsibility of the Assembly. Most states have delegated that responsibility to some other entity. In Wisconsin that is the responsibility of the

Wisconsin Election Commission. I believe US Constitution trumps State Statute - so the Assembly should call that vote and let the courts decide. Plenty of evidence presented Friday December 11 to not certify the election.

On our return from Madison on Friday 11 December we got a call from another chairman. We discussed many things to include the RPW. Where is the RPW? What is the RPW doing? Is the RPW supporting our efforts or have they given up? We know where Voss & Stienike are at and will deal with them. Someone raised the question - if the RPW is not with us why are we supporting them? If Voss - Stienike and the **CONE OF SHAME WEARING Republican majority** is not with us why do we work so hard to get them elected?

Where is the RPW? What is the RPW doing? Whose side is the RPW on? Does the RPW support the Wisconsin Voters Alliance? Do they believe that Joe Biden is the legitimate winner of the Wisconsin elections? Where is the RPW???

In my opinion the RPW leadership needs to tell those who support them where they stand. They can do that via a Chairman call but should do it publicly. Doing it publicly might stiffen the backbone of Voss just a little.

OPINION: do not think that the minorities that voted for Trump in the largest numbers since 1960 will continue to vote Republican. They voted for Trump not Republicans.

[REDACTED]. We submitted written testimony, provided background for the committee and spoke with the committee Chair prior to the hearing. In fact, Chairman Hitt has spoken with Chairman Tusler repeatedly. Our Executive Committee member Bob Spindell testified. I was there, but, as space was limited, was outside to allow members of the public and invited speakers room to observe. I spent some time in the overflow room.

Further, the Trump campaign would not agree with your uninformed assessment overall, as we have been working closely with their team every day. Every. Single. Day. Including Chairwoman McDaniel, with whom Chairman Hitt speaks regularly. We've worked with them on the recount and on the legal proceedings that followed. We also put up six figure funding to ensure timely filing of challenges. We even spoke with the campaign about the electors meeting we held today. Given our court challenges were unique to the other states you mentioned, and the sensitive nature of some of these actions, we developed a different strategy, much of it at their request. They are very pleased with our efforts and coordination alongside them. We simply were not interested in discarding their requests just to promote our own vanity or prevent broadside emails.

Spot On [REDACTED]! We've all been working our asses off and look over our shoulders to see who is the support chain. I've been battling cancer and turned up at our Rally fresh out of the Hospital in September with Pulmonary Embolism and Severe Pneumonia! Why? Failure was not an option!! We do what needs to be done.

I don't see it. Are we missing something? Where is RPW in this? I sent out a Call to Action with unanimous WCRP Resolution to RPW, State Senators and Assembly last week and have not heard anything as well. Our County constituents, members, AND Party Officers and Executive Committee are asking the same questions. Is this it? Is this the end? Is there no longer a rule of law in this State and Country? We need an update, a Game Plan, Strategic thinking. Without some Game Plan to attack the inconsistencies of 2020 then this will be an unrecognizable Democracy when Harris Biden get done with the Republic!!

As discussed on Rush Limbaugh today, Republicans are disenfranchised and hoping Trump leads to a Third Party! GO TO THE SOUNDS OF THE GUNS LADIES AND GENTLEMEN! And if Courts are afraid of Civil disruption by BLM and ANTIFA then they are fooling themselves. There is much Civil unrest rumbling under the surface. BLM and ANTIFA will continue to do damage and Law abiding citizens are not going to stand with 2nd Amendment shenanigans!

Wisconsin Voter Alliance Headway/Update

1 message

Tue, Jan 5, 2021 at 5:54 PM

To All:

The Wisconsin Voter Alliance continues the fight to save this election and to push forward for election integrity. We all know, there has been a heap of evidence produced that, without a doubt, confirms there have been many election laws broken and there has been irrefutable fraud. Do not be fooled by the media who continuously beat the drum with statements to the contrary.

I am appreciative of, encouraged by, and proud of, the fifteen Wisconsin Legislators who today, displayed the courage to sign on to a letter to Vice President Pence. This letter (attached draft form) asks the VP to postpone the approval of counting the electors and allow for 10 more days of investigation into the irregularities in the election.

Our fifteen legislators joined about sixty other legislators from the states of MI/GA/PA/AZ/and NV. Following is a list of those Wisconsin Legislators, and I would like each of you to reach out to these Representatives and Senator to thank them for their support on this important issue.

Rep Janel Brandtjen, Rep Robert Brooks, Rep Rick Gundrum, Rep Cody Horlacher, Senator Andre Jacque, Rep Dan Knodl, Rep Gae Magnafici, Rep Dave Murphy, Rep Timothy Ramthun, Rep Joe Sanfelippo, Rep Shae Sortwell, Rep Jeremy Thiesfeldt, Rep Chuck Wichgers, and Rep Michael Schraa

Other news

Yesterday, Rep Allen introduced 2021 Assembly Resolution 3 that addresses the election laws that were violated in the Nov Presidential race. I am absolutely sure there will be a large number of Legislators joining in on this. Here is a link to this proposed legislation.

Kelly do you have a copy of the
GOP Electors certification
document that was signed by all?

I don't have a copy

I have this though

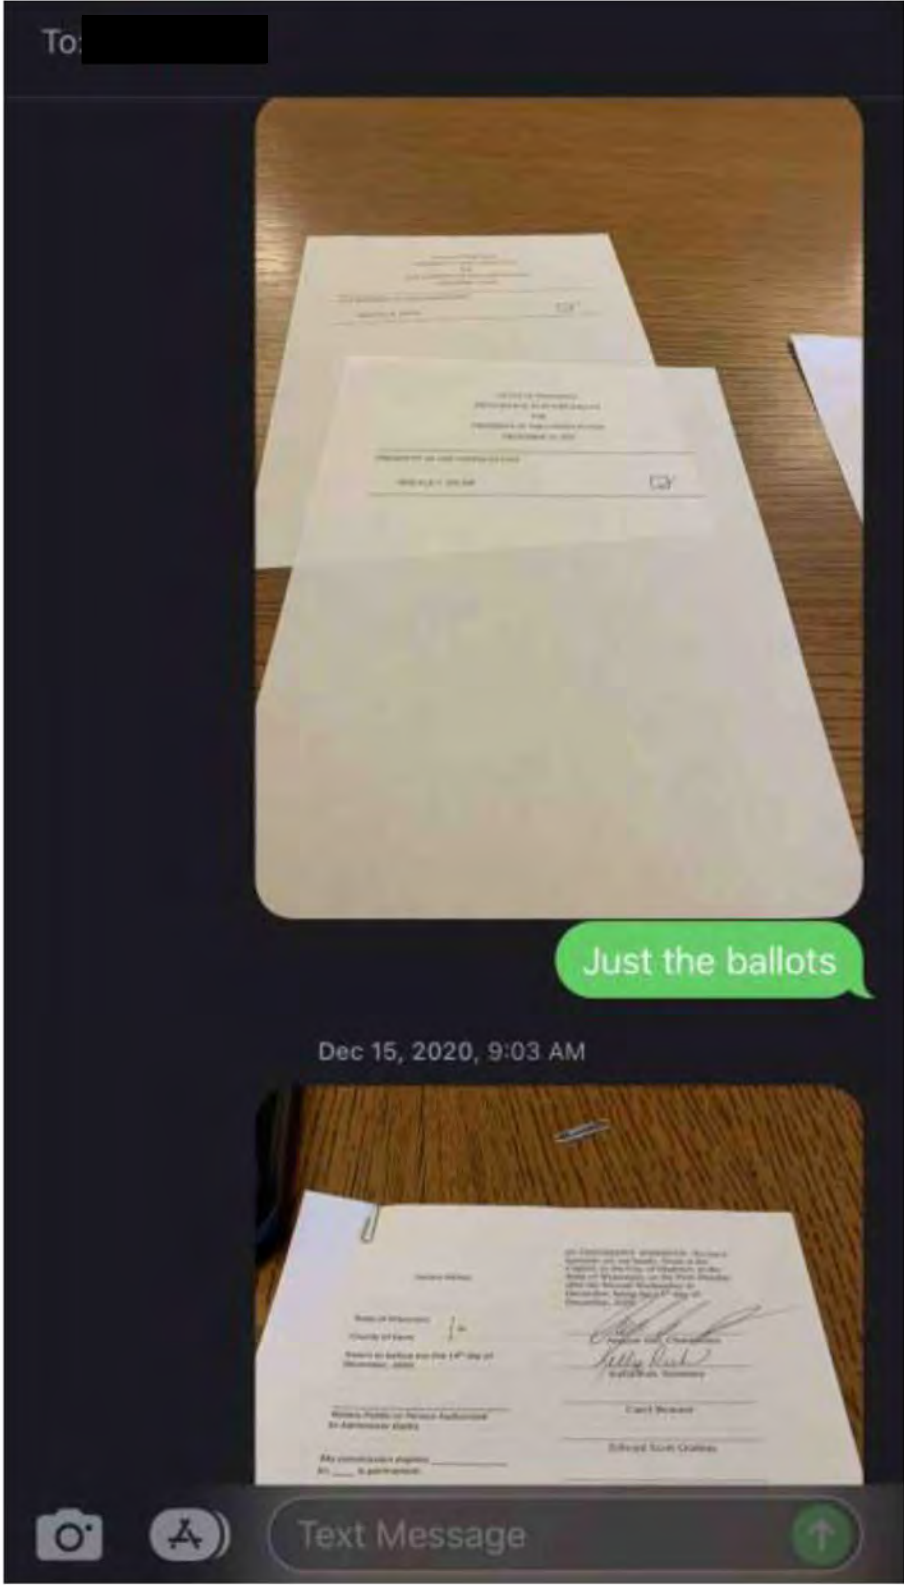

Oh crap. Disregard

Watching proceedings from the overflow room. Hope you're doing well.

We submitted written testimony to the committee.

Fox News 6 is trying to find out if I am going to Capitol tomorrow. Have not responded. Bob

Thanks.

Bob I'm not sure what's best in terms of timing. Maybe early, but if you'd rather just go with everyone else or right at noon we can do that.

From what I heard
some Dem Electors are
expecting possibly some
groups to hinder their
getting into Capitol. If that
is so, probably left wing
might be there to hinder us.
Also, possibility Capitol
locked down more than
usual to avoid any problems
with this "historic event".
Maybe someone should call
Capitol police to see if any
restrictions.

The capital is closed. There
are restrictions. That's why
I'm having people let us in
rather than make a scene of
it and possibly encounter
needless resistance. I need
to do the same for you

needless resistance. I need to do the same for you, that's why we need to decide when you're going in.

Do you think best if I go in with rest of group at the same time.

Or I can go to a specific entrance & call someone to let me in. I can do anything you would like - show up at RPW or whatever.

Why don't you stop by the RPW at 11 with everyone and will probably take you last.

Ok, I will drive around Capitol on way to

Mark:

As you may know, RPMC
Branch caucuses will take
place in early to mid Jan in
preparation for RPMC
Caucus & then Dist
Caucuses. Since there
seems to be a desire to
avoid in person caucuses
due to health concerns of
some members with pre-
existing conditions (some of

Jess:

Would appreciate if you could get me ASAP # of indefinitely confined absentee ballot voters for Nov 2020. I think it was over 20,000.

If they have numbers for 2018 - think about 4500 & 2016 - 5500?

Thanks,

Bob
