

Hickory Hill | Handicap: 10

Par 4 | 398 yards

14

A medium-length par 4 that plays up and over a gentle rise. The green is open to the front, with bunkers right and left.

The only hole on the course with a blind tee shot because of a hill.

The landing area is fairly wide but the fairway stops about 300 yards from the tee. Longer hitters may need to hit a 3-wood in order to stay short of the rough.
